Contracting Cloud Consultant – AWS & Citrix Focus

GlassHouse.io (Australia) Pty Ltd is seeking expressions of interest from qualified candidates who may be suitable to join our Cloud consulting practice for project engagements as the need arises. Specifically, we are looking to periodically augment our existing delivery team for specific project engagements, with additional resources who can assume the responsibility for developing Amazon Web Services & Citrix based solutions, delivered by GlassHouse and its partners to customers in Australia/New Zealand.

To be considered, candidates will:

- Have superb interpersonal communication skills and the ability to participate in a team/project with several (possibly remote) team members.
- Have strong written, verbal and leadership skills
- Strong customer relationship skills
- Have at least 5 years' experience delivering customer-facing consulting engagements

Possess the technical skills, qualifications, and knowledge to:

- Manage project scope and customer expectations, as a delivery leader in the field
- Setup and manage technical workshops
- Architect and design cloud-based platforms
- Analyse business requests and provide solutions to meet requirements
- Develop and maintain design & plan documentation

Be able to demonstrate significant 'hands on' experience in this field of work including:

- Practical experience with Cloud Hosting platforms, with a specific focus relating to Amazon Web Services
- Practical experience with Cloud Automation and Migrations, with a specific focus relating to Amazon Web Services
- Practical experience with a broad range of Citrix technologies including XenApp, XenDesktop, Provisioning server, StoreFront, NetScaler and NetScaler Gateway.
- Practical experience with Active Directory, Group Policy Management, Profile Management

Be based in Sydney or Melbourne and hold a valid visa for working in Australia.

Desirable Experience:

- Active learning and personal interest in cloud computing
- Extensive end-user desktop experience
-
- Amazon Web Services Associate and/or Professional Certifications
- Citrix Certifications
- Possibly have background or experience in one or more of the roles of Solutions Architect, Enterprise Architect, Virtualization Architect

Be based in Sydney or Melbourne and hold a valid visa for working in Australia
